What is Meta-Belarus

Meta-Belarus is a set of innovative tools to help the Belarusians build a truly new Belarus that would respond to the Belarusian values and needs.

What is the Digital Government:

Digital Government is a system of digitalized and automated economic and governmental protocols focused on users and based on the data they share.

Digital Government is an online tool that will help run a business, manage accounts and banking, take part in the government of the state and receive updated and accurate information.

Constitution of the Republic of Belarus

Prerequisites:

- **The Government of the Republic Belarus does not perform the duties assigned to it by the people.**
- **Articles 2 and 3 of the Constitution of the Republic of Belarus.**
- **Universal Declaration of Human Rights.**
- **Technical potential of new IT systems.**

Article 2. The individual, their rights, freedoms and guarantees to secure them are the supreme value and goal of the society and the State. The State shall assume responsibility before the citizen to create the conditions for free and dignified development of their personality. The citizen shall assume responsibility before the State to discharge unwaveringly the duties imposed upon them by the Constitution.

Article 3. The people shall be the sole source of state power and the bearer of sovereignty in the Republic of Belarus. The people shall exercise their power directly, through representative and other bodies in the forms and within the confines determined by the Constitution. Any actions aimed at changing the constitutional system and seizing state power by forcible means or by way of any other violation of laws of the Republic of Belarus shall be punishable by law.

We believe that the state can be governed directly by the society by using technologies and ensuring honesty, transparency, justice, respect for human dignity, rights, objectives, and desires of people.

META-BELARUS shall ensure freedom and opportunity of every person to train and engage others in decision making of governmental and public importance and taking responsibility for the decisions made by every member of the society.

- Through consolidation, we shall quickly:**
- Implement the best ideas.**
 - Ensure fairness and transparency of all processes.**
 - Initiate and take part in the adoption of laws in accordance with the principles that would make manipulation impossible.**

Self-governance tools are based on the principles of transparency, credibility, and maximum use of the contribution of each participant.

M E T A - B E L A R U S F O R B E I N G E Q U A L !

We want people to have an opportunity to come together and protect their interests and the truth in the independent and fair trial.

Meta-Belarus will make it possible for people to reach out to others and form any kinds of public and economic groups to defend their private and public interests, with all their rights and freedoms guaranteed.

META - BELARUS FOR FAIR TRIAL!

Loving our nature and heritage is what we stand on.

META-BELARUS shall ensure free access of people to all resources, services, and infrastructure to improve their economic awareness.

We want the citizens of Belarus to have decent income and enough free time to live a full life.

Through governability and transparency to reasonable ownership and management of resources.

We seek to create the mechanisms of:

- transparent and fair taxation,
- public discussion and control over republican and local spendings,
- minimization of any inefficient republican and local spendings,
- active support and funding of small social businesses.

Healthy nature is healthy people.

Healthy people is healthy economy.

USING E-BANKING

To choose how to distribute our taxes, manage budget deficit.

Education

Education relevant to the digital government is a door to META-Belarus

We want people to be free and have reliable data to make informed decisions.

META-BELARUS SHALL ENSURE COLLECTION, STORAGE, AND USE OF INFORMATION TO PROMOTE DIVERSITY OF VIEWS AND TO USE LOGIC AND DIALOGUE AS OUR TOOLS.

Science, diversity and general availability.

META-BELARUS FOR WISDOM!

META-BELARUS shall ensure transparent and efficient governance.

Taking autonomous decisions on local and republican level is the foundation of our independence.

META-BELARUS FOR THE INDEPENDENCE!

Principles of META-Belarus information systems development

We are the founders and participants of Meta-Belarus platform, the digital government, which is in full collective ownership of the citizens of Belarus.

We are the ones who manage our movement and serve the society as our main customer.

We create solutions which will be credible and let people connect to and cooperate with each other.

What we do is based on our own initiative and our own enthusiasm.

We do not accept external funding which implies any requirements or conditions contradicting our values or the values of our customer.

We respect copyright and property rights for software and intellectual products. We are ready to transfer the property rights for all our intellectual products to the people of Belarus free of charge after the regime changes.

We

- exchange information and best practices, and also freely share the results of our work among us,
- carefully protect user personal data and provide users with full control over their personal data that we have access to,
- develop products that are user-friendly and do not require any special skills or experience to use them,
- equally support both national languages of Belarus, Russian and Belarusian, in our products,
- seek to make products that would reflect the authenticity of Belarus.
